N3

North American Style

RELIABLE

Huanghai N3 is a reliable truck you can trust.

HUANGHAI N3

Built Better From The Inside Out

When designing the Huanghai N3, we thought about what makes American pickups great. Then, we made it even better.

The outcome was a four-wheel beast that combines rugged good-looks with real-world strength, durability, and reliability. True to the American character, the full-size/big Huanghai N3 impresses from the outset with its square and solid design. The front is accented by a distinctive, aggressive grille. Inside, the driver and passengers are indulged by a spacious interior and comfortable amenities. But the star of the show is Huanghai's modern engine. The N3 is available with four engines including a 2.4 liter four-cylinder petrol engine producing 218hp and 320nm of torque, a 2.4 liter four-cylinder turbo petrol engine and a 2.5 liter turbocharged four-cylinder diesel engine producing 143hp and 340nm of torque. In any configuration, the Huanghai provides the power you need, for work and leisure.

The top view feature of the Huanghai N3 stands out among other traditional pick-ups because of its square and solid design. The car's large grille in the front of the car has the words "HHN3A" embossed right in the middle. Wherein, the text means "Huanghai N3A" with "A" as a symbol of its standard version. Meanwhile, Huanghai will soon launch the "S" version which means "Sports" since the "S" version is sportier in features.

Without a doubt, Huanghai N3 is a reliable truck you can trust. Because we also value the things that matters to you.

EXTERIOR

Pure North American Style, Tough, Fierce And Wild

The Huanghai N3 is at home both on the trail and on the blacktop. Whether freshly waxed, coated in dust or caked in mud, N3 good looks impress from every angle. But appearances are only half the story. The Huanghai N3 is a dependable, heavy duty workhorse in true full-size pickup tradition. Go ahead. Carry the load. Pull the trailer. Roam without boundaries. And look good while doing it.

In terms of design, Huanghai N3 has an overall length of 5595mm, width 1950mm, height of 1865mm and a wheelbase of 3405mm. The rear trunk is 1715mm long, 1620mm wide and 460mm high.

Front Headlights

N3 headlight are designed with great attention to detail with more efficiency in producing more lights. In addition to the available LED fog lights, N3 LED headlight is built with a head-turning Daytime Running Lights (DRL) treatment, giving this pickup truck an aggressive look that won't be ignored.

Side Mirror With Panoramic Camera

The N3 available side mirror with panoramic camera helps you identify vehicles that might be in a blind spot. This is very helpful when you use your turn signal and detects a vehicle, This will save you from a possible accident or collision.

Back Tail Lights

The N3 has a sophisticated back view with tiny tail lights that is very fashionable. Between the tail lights is a thick and shiny chrome bar that leaves an impression of connecting the two-tail light together.

Huanghai N3 is your reliable good looking outdoor partner.

BEAUTY

POWER

Huanghai N3 is ready to get you out there.

POWER

Excellent Quality, International Platform

The Huanghai N3 is more efficient, more powerful and hardworking than ever.

You want power? Huanghai N3 has 2.5 turbo diesel with 143hp and 340Nm and a 2.4 turbo petrol with 218hp and 320Nm. Both engines are developed and build by Huanghai with 6-speed manual or 6-speed automatic. The N3 has 2WD and 4WD both has basic and luxury version. So, whether you're towing, hauling or just heading home, rest assured that Huanghai N3 carries a payload of capability.

The Huanghai N3 is built for action, packed with the toughness you need to get to those places not found on a map. Huanghai N3 is ready to help you take on difficult terrain. So, when the trail gets tough, this truck has the guts to keep things going.

Whether you are in the city or countryside or even in the desert Huanghai N3 is built for action, packed with the toughness you need to get to those places. Huanghai N3 is more efficient, more powerful and hardworking than ever and it's ready to get you out there.

ISUZU

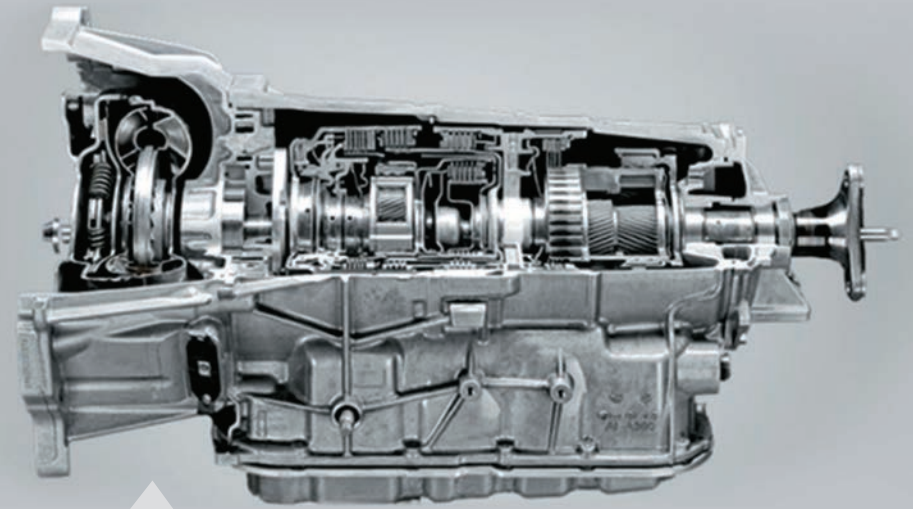

Isuzu Power

XCE

Xinchen Power

Mitsubishi Power

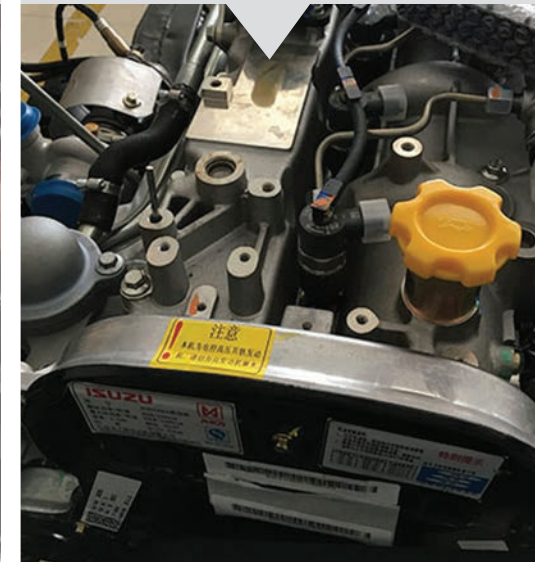

Excellent Quality

N3 has 2 different engine options. The first is a turbo-charged, 4 cylinder, 2.5 liter diesel engine with maximum power of 143hp and a maximum torque of 340Nm. The corresponding numbers of 4 cylinder, turbo-charged, 2.4 liter gasoline engines are 218 horse power and 320Nm.

International Platform

N3 used the power of Isuzu, Mitsubishi, and VM engine with gasoline and diesel. For the transmission French PPS and Chinese ZM. For the axle Huanghai produce all by themselves, as Huanghai SG axles is No. 1 of light axle in China.
